CAREER OBJECTIVE

Final-year IT student and aspiring full-stack web developer focused on building real-world MERN stack applications and AI-powered solutions. Passionate about problem solving, scalable web technologies, and continuous learning. Seeking an opportunity to collaborate with experienced developers, improve industry-level skills, and contribute to impactful tech communities like DevWeekends.

EDUCATION

Degree	Institution	Year	Score	Major
Bachelor of IT (Final Year)	University of Sargodha	2026*	3.08/4.0	Computer Science
ICS	Reader College Sahiwal	2022	922/1100	CS, Physics, Math
Matriculation	Govt. High School Dhool Kadhi	2020	998/1100	Science

SKILLS & COMPETENCIES

Frontend	HTML5, CSS3, JavaScript, React.js, Tailwind CSS
Backend	Node.js, Express.js
Database	MongoDB
Tools & Platforms	Git, GitHub, REST APIs, Postman

FINAL YEAR PROJECT

Project Description	Grow Business with Influencers AI-powered influencer marketing platform that connects businesses with relevant social media influencers by analyzing data from YouTube and TikTok. System uses automated data extraction and AI-based scoring to evaluate and rank influencers based on engagement, relevance, and category matching.
Technologies GitHub	React.js, Node.js, Express.js, MongoDB, REST APIs, Web Scraping github.com/AmeerHamza-max/FYP

TECHNICAL PROJECTS

Project Description	E-Commerce Web Application (MERN Stack) Full-stack e-commerce app with product listing, filtering, cart functionality, order flow, and admin-side product management with role-based authentication. Implements Redux Toolkit for state management.
Technologies GitHub	React.js, Node.js, Express.js, MongoDB, Redux Toolkit, REST APIs github.com/AmeerHamza-max/MERN-stack-Ecommerce-Project

Project	Notes Taking Web App (MERN Stack)
Description	Full-stack notes management application with complete CRUD functionality through a clean, responsive interface. Focuses on RESTful API integration, state management, and secure backend handling.
Technologies	React.js, Node.js, Express.js, MongoDB, REST APIs
GitHub	github.com/AmeerHamza-max/Mern-Project

Project	Browser-Based Image Editor
Description	Image editor built with vanilla JavaScript that allows users to upload images and apply real-time visual filters. Demonstrates core frontend concepts: DOM manipulation, event handling, and dynamic UI updates — no external libraries used.
Technologies	HTML5, CSS3, JavaScript
GitHub	github.com/AmeerHamza-max/JS-Projects/tree/main/Image%20Editor
